Information

Use this form when you want to register that the company has gone into voluntary liquidation. More information is available on bolagsverket.se. Please note that all documents must be in Swedish. When the application has been registered we will send you a registration certificate in Swedish.

When talking about liquidation, we mean winding up of the company. The assets will be converted to money to the extent needed, the debts will be paid and a possible surplus will be divided among the shareholders, unless otherwise stated in the articles of association. The shareholders' meeting decides on liquidation. Bolagsverket appoints a liquidator who winds up the company. The liquidator takes over the tasks of the board of directors and is registered instead of the board of directors.
